## New comfort in the hospital

26. October 2017 // **Trade Fairs & Events**

Big stage for Puro and Evario: The modern hospital beds by Stiegmeyer will once again take centre stage at MEDICA from the 13th to 16th of November. At our stand in Düsseldorf there will also be a lot more to discover.

### Stiegmeyer at MEDICA 2017

Big stage for Puro and Evario: The modern hospital beds by Stiegmeyer will once again take centre stage at MEDICA from the 13th to 16th of November. At our stand in Düsseldorf there will also be a lot more to discover.

The Evario celebrated its world premiere at the last MEDICA. In the meantime, it has made an extremely successful start in Germany and the international markets, winning over patients and operators alike with its comfort, safety and economy. Our hospital bed Puro sets the standards for hygiene, ease of use and elegant design. This year, you can experience the Puro as the centrepiece of an optional custom room surrounded by tailor-made furniture from our wood production in Nordhausen.

This high-quality contract furniture is also the ideal environment for our suite eMotion comfort bed, which we present in Düsseldorf as part of a rehabilitation room. The elegant suite eMotion is aimed at private customers, but has also proved itself brilliantly as a bed for rehabilitation and hotel areas with the highest standards.

And our mobilisation bed Vertica clinic is ideal for use in many units – read about it in our report from Münster in this issue.

The attractively-designed Stiegmeyer stand invites you in for good conversations during the day. In the evening, the vibrant Rhine metropolis of Düsseldorf attracts visitors with its pubs and restaurants. Music lovers should take a look at the programme of the "New Fall Festival" on the last two days of the fair (15/16 November): Well-known pop bands and songwriters will be performing in many concert halls around the city. And if you are in the mood for culture as you return from the fair by the banks of the Rhine, stop at the Museum Kunstpalast: There, magnificent still-life paintings by Dutch and German painters from the 17th to

20th centuries await.

**VISIT US IN DÜSSELDORF from November 13 - 16**

**Monday to Thursday 10 am - 6 pm in Hall 14 at stand D05.**
